

Bender holder

For your standard Noliac plate bender, consider this add-on providing you with a plug-and-play bender. The bender holder grants strain relieve for the wires and is compatible with all Noliac standard plate benders.

ADVANTAGES

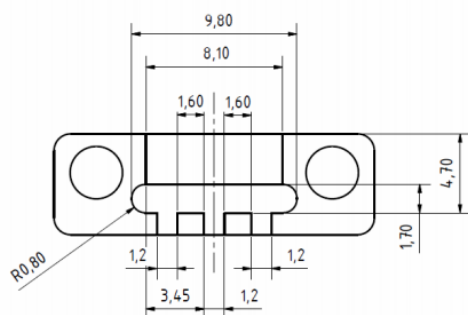

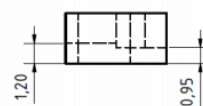

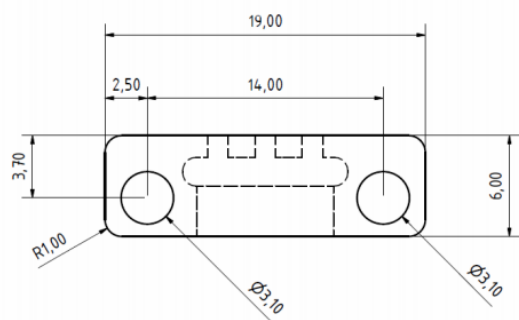

The bender holder:

- grants strain relieve for the wires
- has a low profile
- is compatible with all Noliac standard plate benders

Noliac provides you with a plug-and-play solution, which:

- is easy to mount
- is easy to dismount
- is non-magnetic
- has a UHV option on request
